

Patrick Gray

Computer Engineer

Personal Data

Phone: +1 609 240 5091
Email: patgray1127@gmail.com
Github: github.com/grayisthemood

Languages and Tools

Languages: C/C++, Verilog, MATLAB, Objective C, Java
Tools: Git, CI, Bash Scripting, Drupal, SQL Databases, AWS, L^AT_EX

Education

Sep 2009 - May 2013	Bachelor of Science in Electrical and Computer Engineering <i>Rutgers, The State University of New Jersey - GPA: 3.05</i> Computer Architecture and Assembly Language, Digital Logic Design, Programming Methodology I (C++), II (Java), Operating System Design, Software Engineering, Parallel and Distributed Computing, Virtual Reality, Network Centric Programming
---------------------	--

Work Experience

Nov 2013 - Present	IT Infrastructure Contractor at DirecTV, via Robert Half Technology <i>lifeshield.com</i> Optimized warehouse software tool to cut install time in half by developing a small android application. Derived a method of cleaning DBMail databases from the application's source code. Implemented continuous integration, Atlassian Bamboo, for the android development team.
Oct 2012 - Apr 2013	Web Dev. Intern at Professional Science Master's Program <i>psm.rutgers.edu</i> Department web developer/admin. Migrated the site to a virtual backend.
Jun 2012 - Aug 2012	Web Developer for Innovation Park@Rutgers <i>ipark.rutgers.edu</i> Built a Drupal website on Windows Server. Completed set goals early, allowing for refinements and changes to original plans while still under original development time period.
Apr 2011 - Sep 2012	iOS/Web Dev. Intern at Rutgers Advanced Technology Extension <i>rate.rutgers.edu, hackerspace.rutgers.edu</i> Developed an iPad application for the continuing education User Experience Design course. Post-completion, focused on the development of Drupal websites.

Projects and Activities

Jan 2013 - May 2013	ASUH: API for the Scientific Utilization of Heterogeneity <i>github.com/jlee734/ASUH</i> An API to transfer data analysis off HPCs and decrease utilization time by providing both remote CPU and GPU methods.
Sep 2009 - May 2013	Rutgers D1 Track and Field Athlete: <i>Pole Vaulter</i> Devoted 30+ hours a week to training in addition to full course load. Perservered through reoccurring injuries to recover and accomplish goals.
